Keeping up the appearance of the lawn, before the ROYAL LAWN MOWER arrived was one of man's most arduous tasks. The light running and perfect cutting of this wonderful machine makes it now a pleasant duty. Although the ROYAL doesn't cut much ice, it's a wonder on grass. Perfect running, ball bearing throughout and easily adjusted.

First cost a little above some mowers, but saves money and good dispo-sitions in the long run. Oil cans and other accessories furnished with each machine without extra charge.

Besides the ROYAL we have many other makes of mowers, ranging in prices from \$5.00 to \$18.00, and have a stock to suit everybody in price and

The little son of a wealthy Zemindar near Bubak suddenly disappeared some time ago. Five days later the body was a sovered floating in the river and was identified by the father as being his son's.
